

The third volume of The Golden Bough. The term Taboo is one of the very few words which the English language has borrowed from the speech of savages. This volume examines the underlying moral code of many societies, both primitive and medieval, and with modern analogies. The reader is encouraged to contemplate the contradictions, inconsistencies, and absurdities, not merely between different people of different countries and ages, but also between similar people within the same countries. Read by Leon Harvey. Total running time: 14:17:47 00 — Preface		Taboo And The Perils Of The Soul. By Sir James George Frazer	
And The Perils of the reader is encouraged to contemplate the contradictions, inconsistencies, and absurdities, not merely between different people of different countries and ages, but also between similar people within the same countries.         Read by Leon Harvey.       Total running time: 14:17:47         00       — Preface.       00:07:44         011       — The Burden of Royalty.       00:37:16         03       III — The Perils of the Soul.
